## Town Meeting Minutes : August 9, 2023 | 7:00 pm.

### Call to Order

Mayor Jodie Kulpa-Eddy called the meeting to order at 7:01 PM. Present were Mayor Pro Tem Chris Brittan-Powell, Councilmember Shinita Hemby and Councilmember Jason Papanikolas. Staff present were Interim Town Manager Peter Jones, Town Treasurer Mike Lightfield and Town Clerk Melanie Friesen. Councilmember Faustino Menjivar had an excused absence.

### Pledge of Allegiance

#### 1. Announcements

Mayor Kulpa-Eddy read the closed session report from July 22, 2023. After a brief open session, the meeting was closed at 8:32AM, under Maryland Code Annotated, General Provisions Article, § 3-305(b)(1): To discuss the appointment, employment, assignment, promotion, discipline, demotion, compensation, removal, resignation, or performance evaluation of an appointee, employee, or official over whom this public body has jurisdiction; or any other personnel matter that affects one or more specific individuals. The closed session ended at 1:33PM. All Councilmembers were present, alongside recruiter David Deutsch. CM Menjivar joined the meeting late. Three candidates for Town Manager were interviewed and staff and resident interview committee feedback was also taken into consideration when the Council voted 5:0 to make an offer to one candidate. Lastly, the terms of that offer were discussed. She also reported that the Monday, August 7th WorkSession was postponed due to forecasted inclement weather and that it will be rescheduled to Monday, August 14th at 7PM.

MPT Brittan-Powell stated that residents are expressing concerns about the ARPA timeline. He also reported that there was improvement on 59th Avenue with the distribution of sandbags during storm preparation. Mayor Kulpa-Eddy added that there are still DIY sandbags available behind Town Center.

#### 2. Approval of Agenda

CM Papanikolas moved to approve the agenda. CM Hemby seconded. In discussion, MPT Brittan-Powell asked that Council be allowed to discuss ARPA issues with TT Lightfield, since he is present. Mayor Kulpa-Eddy asked that TT Lightfield instead address the ARPA timeline during the treasurer's report. CM Papanikolas clarified that this change would remove the administration/ treasurer's report from the consent agenda and make it Agenda item 4. He also asked to strike 7a. as no meeting was held on August 7th. With no further discussion, CM Papanikolas moved to approve the agenda as amended with CM Hemby seconding. The motion passed unanimously.

#### 3. Consent

CM Papanikolas moved to approve the modified consent agenda. CM Hemby seconded. With no discussion the motion passed unanimously.

#### 4. Administration/Treasurer's Report

Mayor Kulpa-Eddy asked TT Lightfield to discuss the status of the FY22 audit and the ARPA timeline. MPT Brittan-Powell asked for a ballpark figure on deficit or surplus for FY2023. TT Lightfield explained that the Town has until August 31st to capture any revenue or expenses for FY23, but that he anticipated a deficit of between \$150,000-\$300,000. He also explained that the FY22 audit is still incomplete, and he took responsibility for it being behind. Regarding ARPA, he expressed that his only concern is about the December 31, 2024, deadline to obligate the funds and would encourage Council to be aware of the rate of spending and how long it may take to get certain items under contract. ARPA will be further discussed at the August 14, 2023, worksession. CM Papanikolas asked if there were any expected findings in the FY22 audit. TT Lightfield reported that there are not.

#### 5. Mayor & Councilmember Reports

Mayor Kulpa-Eddy gave updates on funds that are still available to assist residents who are struggling with property taxes, mortgage, and water bills. She reviewed the Maryland DHCD Homeowner's Assistance Fund and that after August 15th, applicants will be placed on a waitlist as funds become available. WSSC resumed residential water turnoffs on July 5th. She reviewed the assistance that is still available with their Get Connected program. Mayor Kulpa-Eddy spoke about the Four Cities meeting and the presentation by Pepco on the future LED streetlight changeover. She reviewed a discussion on hiring a shared legislative consultant. She also reported co-signing a letter from the Four Cities leadership to County Executive Alsobrooks regarding two transportation projects that will impact all our communities. She highlighted Chief Antolik receiving the "Chief of the Year" award from the Small and Rural Law Enforcement Executives' Association during their recent annual conference.

MPT Brittan-Powell thanked the Hemby family for all they did with the potential flooding and on National Night Out (NNO). He shared that the Four Cities meeting also revealed the need for continuing food and housing security efforts. He reviewed spending much of his time working on ARPA and hopes that there are ways for the Town to extend the clock. He asks that the Council doesn't try to do too much, but rather rely on the experts that they will be bringing in. CM Hemby reported meeting many residents at NNO with ideas on ways to improve the Town. She encouraged residents to come forward. She also congratulated Chief Antolik on his achievement. She thanked resi-

dents on Ruatan Street for putting out the "slow down" yard signs and that it seems to be making a difference in that area.

CM Papanikolas thanked ITM Jones and Mayor Kulpa-Eddy for manning the command post for the storm on the 7th and for Public Works assistance during that time. He highlighted that longtime Public Works employee Gary Stanton received his CDL and acknowledged the difficulty in that achievement. He shared about the school registration process, including how high school class schedules are affected by that.

#### 6. Committee Reports

a. Education Advisory Committee: No report

b. Green Team: CM Papanikolas shared that the Green Team held elections for their new moderator, Shira Francis. Michael Bloom was elected as deputy moderator. There will be a garden clean-up for the elementary school on Sunday, August 20th from 10am-12pm.

c. Historical Committee: CM Papanikolas shared that they participated in NNO and sent thanks to Sgt Krouse and crew for putting the event together. They will be meeting on August 23rd at 7:30pm and will be taking nominations for chair, vice chair and secretary at that meeting. Several members of the Committee will need to be reappointed by Council in September.

d. Neighborhood Watch/ Emergency Preparedness: Mayor Kulpa-Eddy reviewed that NNO was held on August 1st and she hoped all were able to join and interact with the public safety personnel. She stated it was a perfect night out and thanked everyone who made that possible. NW/EP is working on clearing items out of the shed to make space for the Rec Council. They will be looking to redistribute items that no longer fit their needs.

e. Recreation Council: CM Papanikolas reviewed that the last meeting focused on a debrief of NNO. The Rec Council is planning the usual October events with Trunk or Treat and a sensory friendly Halloween party. There will be a blue grass concert on a date yet to be determined. They would also like to revisit the ordinance that establishes the Rec Council as it is 40 years old.

#### 7. Old Business

There was no old business.

#### 8. New Business

a. Introduction Ordinance 189A (ARPA Budget Amendment)-pending outcomes of 8/7/23 This item was stricken from the agenda.

b. Approval of Town Manager Contract Mayor Kulpa-Eddy reviewed the process for the Town Manager search and again thanked residents who served on the resident review committee. She restated that during the closed meeting in July the

Council voted unanimously to make an offer to a candidate. Mr. Kyle Snyder, a lifelong resident of Berwyn Heights will be the new Town Manager beginning August 28, 2023. MPT Brittan-Powell moved to approve the Town Manager contract. CM Papanikolas seconded. During discussion, MPT Brittan-Powell shared that they are happy with their decision. The motion passed unanimously.

9. Resident & Community Comments

MPT Brittan-Powell shared concerns from residents about the cost of living in Berwyn Heights.

Resident Claudia Barragan shared in detail a letter of dissolution for the Immigrant Neighbors Community of Berwyn Heights (INCbh).

Resident Jose Valcarcel expressed concern about a paid advertisement in the Bulletin.

1. Mayor

a. Announcements

There were no announcements.

b. Calendar

Council reviewed the upcoming calendar noting that the Berwyn Heights Elementary School clean-up is August 20th. It was also noted that this worksession was originally scheduled for August 7th, but was rescheduled due to weather concerns.

c. Dates for ARPA Listening Session(s)

Mayor Kulpa-Eddy reviewed that at a past meeting a resident requested another ARPA listening session. She then reviewed the opportunities that residents have had to make their thoughts on ARPA spending known and ways that residents can still make their thoughts known. After discussion, which included a consensus to present a reasonably firm ARPA budget at a listening session, it was decided to set aside a portion of the September 5th worksession for that purpose.

d. Funding Request for BHES Garden  
Green Team member Michael Ellis joined the Council to discuss the garden at Berwyn Heights Elementary School. He met with Director Pudner, and stated Public Works and Director Pudner will be donating mulch for the project, as well as using a tiller to loosen the garden soil before the cleanup on Sunday. There are several concerns at the garden including damaged benches and compost bins in need of repair. Mr. Ellis reviewed that right now the upkeep of the garden is coming out of the pocket of a single teacher, and the Green Team would like to see the Town provide some funding as this pollinator garden will help satisfy Bee City requirements. He will be taking the benches to the welding shop at the University of Maryland to see if they can be repaired there for free. The Green Team is hoping to get a small group of volunteers who will commit to working on the garden a few times a year. For funding, Mr. Ellis stated that Director Pudner believes the compost bins could be repaired for about \$900, \$1000 would be requested for plantings, and an additional \$1000 for educational signage at the garden. Mayor Kulpa-Eddy asked about costs of replacing the benches if they cannot be repaired. Mr. Ellis suggested another \$1000 might be sufficient. He also added that they are not in the planting phase of the garden yet but are planning ahead. There was discussion about other locations in Town for additional gardens, but Mr. Ellis expressed concern that the Town is looking to rely on the Green Team to maintain these spaces when it should be handled by Public Works for municipal land. CM Hemby asked for a list of plants that would be appropriate. Mr. Ellis reviewed that New England Aster, Butterfly Milkweed, and Winterberry (a native shrub) would be appropriate. He also has an interest in planting fall blooming flowers, such as Obedient Plants, so that the garden is in bloom during the school year. CM Hemby asked about the addition of artwork that would beautify the garden. Mr. Ellis stated it hadn't been discussed but that he would like to see something created by residents or by students at the school.

e. Monthly Reports by Department Directors Discussion

Mayor Kulpa-Eddy reviewed that in September of 2019, under former Town Manager Broadbent, it was suggested that department directors come quarterly, rather than monthly. CM Papanikolas shared that department directors were being asked to attend monthly Town Meetings only to read the reports that were in the Consent Agenda. It was decided this was a function that could instead be done by the Council department liaison. CM Hemby suggested that directors come in on a rotating basis as part of a meeting to give an informative presentation on their department rather than coming to read a report. The consensus was that CM Hemby's suggestion should be followed up. MPT Brittan-Powell will take the lead on this.

f. UMD Good Neighbor Day Service Projects (Oct. 21st)

Mayor Kulpa-Eddy reviewed "Good Neighbor Day", sponsored by the University of Maryland, and the requirements for putting forward a project. She suggested the Town put forward the BHES pollinator garden as a project. Mr. Ellis commented that October could be a good time for planting, adding that he has led Good Neighbor Day projects for other elementary schools in the past. CM Papanikolas added that he could potentially lead a project to repair the compost bins. Mr. Ellis suggested that the two projects be combined and submitted as a single project for the Town. Mayor Kulpa-Eddy will be the lead on the combined project. CM Hemby added that she has an idea for a project and will submit it to Mayor Kulpa-Eddy.

g. ARPA Budget Amendment Discussion

Mayor Kulpa-Eddy reviewed the ARPA budget process so far. MPT Brittan-Powell suggested that rather than get into the detailed projects, to group "like" projects together and set aside funding at a general line-item level. Council discussed this in detail. TT Lightfield made changes to the budget in real time. During the discussion on stormwater, MPT Brittan-Powell stated that he would like to discuss homes that may not be viable and may need to be subject to eminent domain. CM Papanikolas stated that he was not sure that we should use ARPA funds for eminent domain. There was also discussion regarding if the homes have always been at risk or if they are at a greater risk due to climate change, which would set a precedent that may be negative as climate change could put more houses at risk. Council continued to discuss the projects, noting some duplicative line-items and asking when those are found to eliminate one item, but keep the highest funding level of the two. Placemaking was discussed, with CM Papanikolas suggesting that this should be an architectural consultant. Grants were combined into a single line item, with discussion on whether this should also go under the role of the grants writer. ITM Jones highlighted that the aging-in-place item should be included in any budget amendment. MPT Brittan-Powell asked for confirmation that needs around hunger and housing security be captured. Mayor Kulpa-Eddy confirmed that this was done within the Grants line-items. ITM Jones presented the Staff report on the impact of adding more contract positions. He reviewed his concerns that the Town is drastically increasing the responsibility of the Town Manager. He also expressed concern about continued funding of these services, as personnel cannot be funded through ARPA after December 31, 2024. At MPT Brittan-Powell's request TT Lightfield shared that the Town could use ARPA to fund general governmental services under the "lost revenue" election. He noted this would have the advantage of not draw-

ing down Town Reserves to fund services, leaving more for the Town to use for programming after ARPA ends. There was concern about this idea and the Town Attorney will be consulted.

h. Resident Comments  
There were no resident comments.

2. Administration

MPT Brittan-Powell thanked ITM Jones for his dedication to the Town during his tenure.

a. Town Parking Issues and Permitting  
MPT Brittan-Powell stated that residents have expressed concern over parking issues in Town. He shared the ordinance from College Park, noting their permit parking is driven by residents in the area who request it. He asked that Council review the College Park policy and determine if they would like to put forth something similar in Berwyn Heights. There was discussion about which department would implement the program and enforce the parking permits.

3. Code Compliance

CM Hemby shared that Code Compliance has received several letters from residents and encouraged residents to be respectful when sending in letters of complaint. She also asked for residents to take the initiative and participate in community groups. She highlighted several options of activities that the Town could support if they had volunteers to lead them, such as cooking, exercise, and language classes.

4. Parks, Recreation, Education, and Civic Affairs

There was no PRECA report.

a. Rec Council Elections and Appointment of New Members

CM Papanikolas shared that the Rec Council has asked Council to review Ordinance 113, which establishes and governs the Rec Council. It has not been updated since 1983. He noted that he would be happy to spearhead this project. Council will begin to work on it in October.

5. Public Safety

Mayor Kulpa-Eddy reviewed two police incidents that have recently taken place in Town. She highlighted that no residents were involved in either incident, which included a road rage episode and tracking a stolen vehicle which crossed multiple jurisdictions.

6. Public Works

There was no Public Works report.

7. Adjournment

CM Hemby moved to adjourn. CM Papanikolas seconded. With no discussion, the motion passed unanimously (4:0) and the meeting adjourned at 9:42PM.

**W**orksession Minutes  
August 21, 2023 | 7:00 pm

Call to Order

Mayor Jodie Kulpa-Eddy called the meeting to order at 7:00PM. Present were Mayor Pro Tem Chris Brittan-Powell, Councilmember Shinita Hemby and Councilmember Jason Papanikolas. Councilmember Faustino Menjivar had an excused absence. Staff present were Interim Town Manager Peter Jones, Town Clerk Melanie Friesen, and Town Treasurer Mike Lightfield. Board of Elections Chief Judge Sharmila Bhatia was present to discuss the Election Ordinance proposed changes. Also present were residents of the Town of Berwyn Heights.

Approval of the Agenda

CM Hemby moved to approve the agenda. CM Papanikolas seconded. In discussion Mayor Kulpa-Eddy suggested reordering the agenda to discuss the Code Compliance “Pet Waste” item and ARPA items earlier in the meeting, moving them to 1.d and 1.e respectively. CM Hemby moved to approve the agenda as amended. CM Papanikolas seconded. With no further discussion the motion passed unanimously.

1. Mayor

a. Announcements

Mayor Kulpa-Eddy reviewed that there will be a National Senior Citizens Day celebration hosted by the Berwyn Heights Police Department on August 22. The Seniors will also be hosting a get-together in honor of ITM Jones on August 29th. She also shared that resident Mrs. Jeanette Enderson is in the hospital.

b. Calendar

Mayor Kulpa-Eddy reviewed the upcoming calendar, highlighting that the September 5th Worksession will have the first part of the meeting dedicated to an ARPA Budget Listening Session. She also noted that the Maryland Municipal League Fall Conference will be in College Park this October and encouraged all of Council to attend.

c. Election Ordinance (109) Changes

Chief Election Judge Sharmila Bhatia covered Election Ordinance 109 section by section to highlight the proposed changes from the Board of Election Supervisors and Town Clerk Melanie Friesen. The proposed changes include moving the election from the first Tuesday in May to the second Tuesday in May. The reason for this change would be to try to increase engagement with voters during Berwyn Heights Day, which is the first Saturday in May. However, this would require a Charter Amendment. Secondly, the State passed HB1200 which sets rules for the compensation of election judges working at local (County) boards. The suggestion is to increase compensation to be in line with this new law. She also highlighted that judges who receive

elective training by volunteering at the County level would receive \$50 for that training. Ms. Bhatia reviewed a proposal to add a section enabling the Board of Election Supervisors to set early voting hours. This would be worded so as to make it optional, rather than mandatory, as there would likely need to be an increase in election judges to accommodate that change. Also noted is a set date to begin accepting candidate applications (the second Tuesday in January). MPT Brittan-Powell asked about ways to make Election Day less arduous for the judges and about voter eligibility. CM Papanikolas asked about the cost of an all-mail election (approximately \$4700). Mayor Kulpa-Eddy would like clarification on the timeline for a candidate to withdraw before they are publicly announced. She also suggested designating common locations where candidates could post their election signs, which would have the potential to reduce campaign costs and perhaps encourage more residents to run for office. Council, Ms. Bhatia, and TC Friesen reviewed the timeline to have the ordinance to be amended before the next election. The ordinance will be reviewed at the September 5th worksession with hope that it can be introduced at the September Town Meeting.

d. Code Changes for Pet Waste Management

CM Hemby reviewed that there have been a number of recent complaints from residents about pet waste not being picked up by pet owners. Code Compliance Director Hollyce Goodwin stated that pet waste is addressed in Ordinance 101 (Animals) and while there is a requirement to pick up pet waste there are no fines associated with failure to do so. Director Goodwin reviewed that the County has set fines at \$50 for the first offense, \$100 for the second, and \$250 for each subsequent offense. She also reviewed what neighboring communities are doing. MPT Brittan-Powell asked if residents bagged but left the waste. Mayor Kulpa-Eddy asked about enforcement. Director Goodwin acknowledged that enforcement would be difficult as the offender would have to be caught in the act, but that the addition of a fine may be a deterrent. There was discussion whether the police would also be able to enforce the Ordinance violation. Resident Jimmy Diamond spoke saying that Code is already overburdened and understaffed and that there should not be an additional burden because of pet waste. Council discussed the possibility of adding language to the Ordinance to address service animals, and to clarify that parks and school grounds are considered “public property”. Changes to the resolution for Fees and Fines will be introduced at the September Town Meeting.

e. ARPA Budget Amendment Discussion (reordered)

Council reviewed the consolidated draft budget. They discussed items that appeared to be duplicative. There was discussion on how to make a draft of proposed projects something that could be presented to residents to inform them during the listening session. CM Papanikolas asked what the goal of the listening session is. The conclusion is that the goal will be to let the community inform the Council on which projects they believe should be prioritized. Council further concluded that the column titled "Discussed Amounts" included the suggested cost that needed to be on the document for the listening session. There was some discussion on a few remaining line items. Council also briefly discussed using ARPA for general governmental services. Concerns expressed included that funding items from the general fund through ARPA might be viewed as a tax cut, which is not permitted under ARPA regulations.

f. Flag Policy Draft

Mayor Kulpa-Eddy reviewed a draft flag policy that was written in response both to the situation in Boston where the Supreme Court ruled against the City (though noting if the City had consistently applied a Flag Policy it might not have ruled that way) and in response to a request the Town received in May to remove all non-governmental flags. She asked Council to review the policy and provide comment, and she will bring the policy back for further discussion at a future worksession.

g. Bulletin Policy Draft

TC Friesen reviewed that the Town does not have a cohesive Bulletin Policy, and only provides limited guidance as part of the Town Organizations and Assemblies resolution. The goal of this draft Bulletin Policy is to create a standard for submissions, as well as to introduce the idea of a "Council Corner" for Councilmembers to provide information that they would like to have included. It would make the Town Manager responsible for the overall administration of the Bulletin. There was discussion regarding how the Council should proceed to establish such a policy. Council will have an opportunity to make suggested changes and this draft policy will be reviewed at a future worksession.

h. Update: UMD-SPH Partnership-Community Advisory Team

ITM Jones reviewed that they received an email from UMD-SPH indicating they are in the process of moving forward and will be finalizing the team next month. Mayor Kulpa-Eddy added UMD-SPH received a good number of applicants, but no one from the Hispanic community and they are looking at ways to increase engagement with these residents.

i. Update: IT Vendor Contract

ITM Jones stated that the RFQ closed last Friday and there are five responses. Those will be opened and reviewed later in the week.

j. Update: Hiring of ARPA-Funded Positions

ITM Jones stated that there has not been any response to the advertisements for the ARPA funded positions. They are looking into other options, like Indeed.com. CM Papanikolas suggested looking for a stormwater engineering firm rather than hiring an individual contractor. ITM Jones will also reach out to the National League of Cities to see if we can advertise through their website.

k. Update: CTC Contract to Review Small Cell Facility Applications

Acurrent proposal has been requested by the Town Attorney, and CTC is working on updating their 2021 documents.

l. Resident Comments

Resident Leslie Wolfinger stated that a tree from their neighbor's property fell on their deck. She asked if there was anything that the Council could do to help residents with tree assessment, removal, and replanting of trees as the old trees in Town are dying. CM Papanikolas offered that Director Pudner from Public Works is a horticulturist and may be able to offer his opinion on tree health. Resident Angie Wolfinger would like to see a campaign of information about trees for residents, perhaps as a part of the welcome package that has been discussed. She further stated she believes the Town could choose the simple option in the flag policy which would be to not allow any non-governmental flags to be flown. She also would like to see more done to advertise the availability of absentee ballots.

Resident Paul Kavanaugh would like to second the concerns about trees and would like to see the Shade Tree Board reactivated to be advisors to the arborist. He thanked the Councilmembers who participated in the Berwyn Heights Elementary School Garden cleanup. He added there will be a pollinator garden planting day on October 21st. He also noted that the September Bulletin will have an advertisement for Environmental Justice Workers, and he shared information about an upcoming environmental justice symposium. Lastly, he noted that he was unaware of how much it cost to produce the Bulletin and suggested letting residents opt out and apply to only receive a digital copy to reduce costs. Leslie Wolfinger stated she felt that having resident comments at the end of Council discussion was excluding residents who are unable to afford the time to stay through the entirety of the Council discussions.

2. Code Compliance

There was no Code Compliance report.

a. Code Changes for Pet Waste Management (moved to 1d)

3. Parks, Recreation, Education, and Civic Affairs

CM Papanikolas reported that he is working with the Rec Council to update their Ordinance.

4. Public Safety

There was no Public Safety report.

5. Public Works

There was no Public Works report.

6. Administration

MPT Brittan-Powell shared that he spoke to administration at BHES and they believe there can be garden educational materials posted on the windows of the school near the garden. He added that staff was reluctant to have wood compost bins rebuilt as part of the garden project.

a. Transition Plans Between Interim Town Manager and Town Manager

MPT Brittan-Powell reviewed the farewell gathering for ITM Jones on August 29th. Mayor Kulpa-Eddy stated that there is a two-day (weekend) gap between the end of ITM Jones contract and the beginning date for the new Town Manager. Council will ask Chief Antolik to be acting Town Manager over the weekend in case of an emergency during that period. ITM Jones reported working on a succession planning document for the new Town Manager.

7. Adjournment

CM Papanikolas moved to adjourn. CM Hemby seconded. With no discussion the motion passed unanimously and the meeting adjourned at 9:32PM.

**During a recent storm, lightning struck Town Hall, damaging a tree and the EV chargers behind the building. After evaluation, the chargers will need to be replaced. Staff is already working on organizing the replacements. The chargers at the Police Department are still available to use.**

# Halloween Safety Tips

## HALLOWEEN NIGHT TRICK-OR-TREAT Tuesday, October 31 from 6:00PM to 9:00PM

While the Town of Berwyn Heights does not endorse Trick-or-Treating on Halloween, many residents decide to participate in this activity on their own. In order to keep everyone safe, please consider these tips:

### **HOMEOWNERS:**

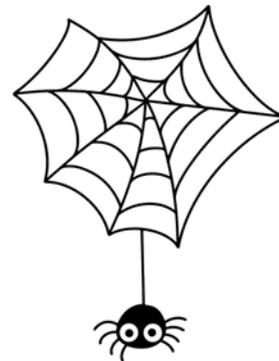

- Turn off your porch lights if you are NOT participating. If you are giving out treats, keep the outside area and walkway well-lit, and turn your porch light ON.
- Remove lawn furniture, or other obstacles to avoid accidents or damage.
- Keep pets inside.
- Consider non-candy options such as small toys and pre-packaged healthy snacks.

### **TRICK-OR-TREATERS:**

- Walk in groups. Children should be accompanied by adults. Take a cell phone.
- Only visit homes with porch lights ON. Never enter a home.
- Carry a flashlight or glow stick, and wear reflective gear. Wear costumes that allow you to see and hear clearly.
- Look both ways before crossing a street.
- Always check candy before eating. Throw away anything that looks suspicious!

### **DRIVERS:**

- Slow down and be especially alert. Children are excited on Halloween and may move in unpredictable ways.
- Take extra time to look for kids at intersections, on medians and on curbs. Enter and exit driveways slowly and carefully.
- Get rid of any distractions (like your phone) in your car so you can concentrate on the road and your surroundings. **Drive sober!**

Berwyn Heights Police and Neighborhood Watch Volunteers will be  
“All Hands On Deck” for Halloween  
**STAY SAFE!**

### Fire Prevention Week

This year's National Fire Protection Association Fire Prevention Week™ (FPW™) campaign, "Cooking safety starts with YOU. Pay attention to fire prevention™," works to educate everyone about simple but important actions they can take to keep themselves and those around them safe when cooking.

Cooking brings family and friends together, provides an outlet for creativity and can be relaxing. But did you know that cooking fires are the number one cause of home fires and home injuries? By following a few safety tips you can prevent these fires.

#### "COOK WITH CAUTION"

- Be on alert! If you are sleepy or have consumed alcohol don't use the stove or stovetop.
- Stay in the kitchen while you are frying, boiling, grilling, or broiling food. If you leave the kitchen for even a short period of time, turn off the stove.
- If you are simmering, baking, or roasting food, check it regularly, remain in the home while food is cooking, and use a timer to remind you that you are cooking.
- Keep anything that can catch fire — oven mitts, wooden utensils, food packaging, towels or curtains — away from your stovetop.

#### If you have a small (grease) cooking fire and decide to fight the fire...

- On the stovetop, smother the flames by sliding a lid over the pan and turning off the burner. Leave the pan covered until it is completely cooled.
- For an oven fire, turn off the heat and keep the door closed.

#### If you have any doubt about fighting a small fire...

- Just get out! When you leave, close the door behind you to help contain the fire.
- Call 9-1-1 or the local emergency number from outside the home.

#### Cooking and Kids

Have a "kid-free zone" of at least 3 feet (1 metre) around the stove and areas where hot food or drink is prepared or carried.

#### FACTS

- ❗ The leading cause of fires in the kitchen is unattended cooking.
- ❗ Most cooking fires in the home involve the kitchen stove.

**About Fire Prevention Week:** Since 1922, the NFPA has sponsored the public observance of Fire Prevention Week. In 1925, President Calvin Coolidge proclaimed Fire Prevention Week a national observance, making it the longest-running public health observance in our country. During Fire Prevention Week, children, adults, and teachers learn how to stay safe in case of a fire. Firefighters provide lifesaving public education in an effort to drastically decrease casualties caused by fires.

Fire Prevention Week is observed each year during the week of October 9th in commemoration of the Great Chicago Fire, which began on October 8, 1871, and caused devastating damage. This horrific conflagration killed more than 250 people, left 100,000 homeless, destroyed more than 17,400 structures, and burned more than 2,000 acres of land.

On 8/10/23 at approximately 2112 hours, Pfc. Lowndes and the Prince George's County Police responded to assist Baltimore City Police Department in tracking a stolen vehicle.
