### **Re: Greenbelt Road 24-inch Transmission Water Main Replacement Project, Updated Work Hours**

During the evolving coronavirus outbreak, WSSC Water remains committed to protecting public health and ensuring safe, clean water continues to flow to your homes. As part of the Greenbelt Road 24-inch Transmission Water Main Replacement Project (No. BR6482A18), crews working for WSSC Water are in your area replacing our aging pipes.

To assist with reducing impacts to traffic on Greenbelt Road during the day, WSSC Water will adjust our work hours. **The change in work hours begins on Monday, February 22, 2021, occasionally weekend work will be required to complete certain tasks. No work will take place on WSSC Water holidays.** In the event of inclement weather, work will not take place. Residents and business owners will be informed regarding additional changes in the work schedule or impacts to your water service. We anticipate this project will be completed by **December 2021**, weather permitting.

#### **WHAT TO EXPECT**

- **New Core Work Hours: Monday-Friday, 9:00 p.m.–5:00 a.m.** Construction can be unpredictable, therefore occasional weekend or daytime work will be required to complete certain tasks. In the event daytime work is required, those work hours will be **9:00 am. – 3:00 p.m.**
- Motorists are encouraged to plan ahead as lane closures will cause delays during working hours on Greenbelt Road (MD 193). There will be no permanent lane closures, lanes will be opened at the end of the working day.
- Safety cones and signs will be in place to keep the work zone safe.
- The work zone on Greenbelt Road (MD 193) will extend from Branchville Road to Kenilworth Avenue.
- Access to homes and businesses will be maintained at all times.

#### **CONTACT INFORMATION/QUESTIONS**

- On-Site WSSC Water Inspector: Michael Powell, 240.495.1398, Michael.Powell@wsscwater.com
- WSSC Water Technical Contract Supervisor: Abolanle Onasanya, 240.495.1329, Abolanle.Onasanya@wsscwater.com
