May 7: Town Council
Elections

Candidate's Night!

Join the Town Council Candidates on April 25th for a panel discussion on the issues that matter to you as Berwyn Heights Residents.

Doors will open at 7PM. Our moderator will be accepting questions until about 7:45PM with the panel beginning at 8PM.

The event will be streamed to the Town website as well as Fios 12 and Comcast 71. If you plan to watch remotely, please feel free to send in your questions to Town Clerk Melanie Friesen at mfriesen@berwynheightsmd.gov. She will be able to accept questions until 5PM on the day of the event.

Please note that the panel will be no longer than 90 minutes. Some questions may be combined with similar questions to ensure we are able to address all topics that you bring to the forum.

THE REC COUNCIL PRESENTS:

TOWN COUNCIL ELECTIONS

MAY 7, 2024

What's the difference between a certified candidate and write-in candidate? A certified candidate submitted their nomination paperwork before the deadline and will appear on the ballot. A write-in candidate has declared their intention to run and filed proper paperwork, but after the filing deadline and will not appear on the ballot.

Certified Candidates

- Chris Brittan-Powell
- Roger Gaines
- David Wolfinger

Write-in Candidates

- Mark Matthews
- Edgar Moctexuma
- Tiffany Papanikolas
- Helen Weinrich

Pet Waste

As of January 2024, leaving pet waste on public property or private property without permission is a municipal infraction with a fine of \$50 for the initial violation.

The Town of Bewyn Heights has a combined 52 public pet waste and trash cans around Town to help manage your pet's waste.

APRIL IS FLOOD AWARENESS MONTH

April showers may bring May flowers, but they can also bring a sense of unease.

The Town wants to help you be prepared in case of severe weather.

There are sandbags behind Town Hall and at the Community Garden for anyone to use. A limited number of easy to install flood gates are still available at Town Hall. Homeowners may be eligible to receive a grant for stormwater mitigation.

Visit the [TOWN WEBSITE](#) for the application or [FAQs](#).

Sign up for flood warnings at mdready.maryland.gov

BEFORE A FLOOD

Move valuables to higher shelves or floors.

Keep nearby storm drains clear of debris.

Get plastic tarps and sandbags to block floodwater.

Learn the best escape route to higher ground.

Plan transportation to get everyone, including pets and livestock, to safety.

Keep your car's gas tank at least half full.

Plan for power outages, especially for any medical devices powered by electricity and refrigerated medicines. Charge devices and backup batteries.

Be ready to shelter in place with some gallon jugs of water, food you could eat if there is no power, and other items that you use every day.

Talk to neighbors about how you could work together to help keep each other safe.

DURING A FLOOD

Follow reliable sources of information. Dial 2-1-1 to get help, find shelter, or ask questions.

Leave immediately when told by officials to go.

Never walk into moving water. Just six inches of moving water can make you fall.

Never drive into flooded areas. A foot of water will float many vehicles; two feet can sweep away a truck.

If trapped inside by floodwaters, move to higher floors or roof, but not attics. Call 9-1-1.

Avoid contact with floodwater.

Stay alert for mudslides.

EVACUATION ORDER = Serious threat. Get ready or go now if people or animals need extra time.

AFTER A FLOOD

WAIT UNTIL OFFICIALS SAY ITS SAFE TO GO HOME!

Check in with family, friends, and neighbors. If cell towers are down or overrun, try texting.

Wait until officials say it is safe to go home. If you can't go home, dial 2-1-1 to find safe shelter.

Beware of falling trees and damaged structures.

Check for gas leaks and downed power lines. If gas or electrical appliances were flooded, check them for safety before using.

Listen for official announcements on the safety of public water. Wells that flooded should be tested and disinfected.

Be aware potential hazardous chemicals may have been moved or buried by flooding.

If you have flood damage, contact your local emergency manager. Find other recovery resources on government websites.
