Meeting 7PM

August 11: Green Team
7PM

August 18: Lake
Artemesia Concert 6-
8PM Seth Kibel Quartet

Storm Recovery

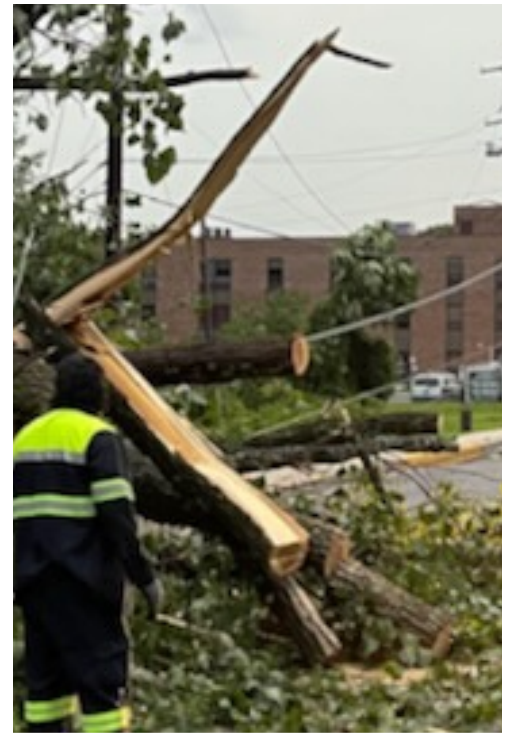

On Tuesday, July 12th the Town of Berwyn Heights experienced what Capital Weather Gang is calling a Bow Echo storm. These storms have winds that travel in a straight line, but can cause tornado like damage. The storm that hit the Town had winds between 80-90mph. The storm brought down trees all over Berwyn Heights and took out power and internet that affected most of the residents in Town.

A storm rolls into the District on Tuesday evening. (Mike Maguire/Flickr) **1**

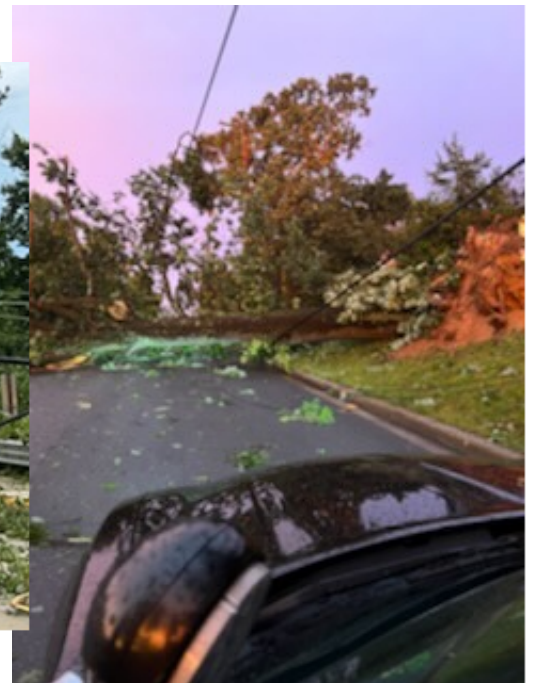

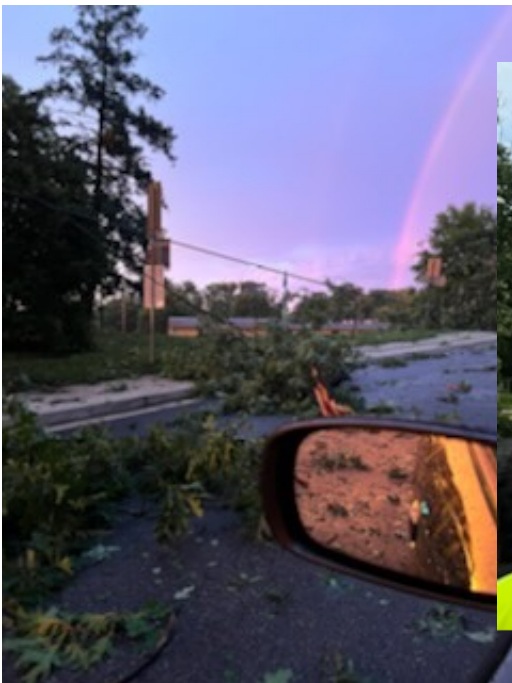

PUBLIC WORKS

Public Works is working hard to clean up after the storm. We are so grateful to have received aid from the Town of Upper Marlboro, the City of Gaithersburg and the City of New Carrollton, as well as the County and Hyattsville. As crews from out of Town get called back to their own municipalities, clean-up will begin to slow. Crews will continue to clean up yard waste, but please be patient as there is much to accomplish.

A tree fell in my yard. What do I do?

Please contact your homeowner's insurance. Your homeowner's insurance may have preferred providers for storm damage. If the tree is on private property (not in the Town's right of way), the tree is your responsibility to address. If the tree is in the right of way, your insurer will contact the Town to access liability. For large trees, please work with a tree crew to remove the debris from your yard as the Town does not have the capabilities to pick up large tree trunks. Contractors should be willing to haul waste away.
